No inks are supplied with this package - they can be purchase from our recommended suppliers.

Also, there is no 'Spot Dryer' in this package, it would therefore be advisable to use 'Air Drying Inks'

or a heat press (which we can supply from as little as £499.00+VAT)

The package is a guide only and can be varied to suit your individual needs.

Thick sponge and heavy sheets of safety glass will be required when making/exposing screens.

These

are not supplied and can easily be sourced locally (From Upholstery and Glaziers).

Screen wash or anything contained in an pressurised can cannot be shipped abroad by air.

NOTES

A) We are unable to ship item number 10 abroad.

B) There is an additional packing charge of £100.00+VAT for the above.

C) Shipping Charges are also extra and can be advised on request.

D) This package can be modified to suit your individual requirements.

E) We reserve the right to change the package or machine design without prior notice.

F) The inks included in the above package are great for light and dark garments.

These inks can also be used to produce cold peel transfers. Other ink colours are available on request.

G) No VAT charged to those residing outside the EEC or those exempt from VAT in the EU (Valid VAT Number required)

Thick sponge and heavy sheets of safety glass will be required when making/exposing screens.

These are not supplied and can easily be sourced locally (From Upholstery and Glaziers).

Screen wash or anything contained in a pressurised can cannot be shipped abroad by air.
